All technical data presented represent typical results, unless stated otherwise as min/max values. No guarantee is made that material will meet exactly the values shown.

## **Baker Type Applicator & Doctor Blade**

(Top) Baker type Applicator: Because the blade itself is eccentric, matching the right and left graduations with the guide line marked, the desired film thickness will be available. (0 - 10mil)

(Bottom) Doctor Blade: This is a metal block which has certain clearance. Sliding on paper or metallic foil, it will produce uniform film as thick as the clearance.

Application: Advanced energy Product type: Hand tools Production scale: Lab
