

All technical data presented represent typical results, unless stated otherwise as min/max values. No guarantee is made that material will meet exactly the values shown.

Baker Type Applicator & Doctor Blade

(Top) Baker type Applicator : Because the blade itself is eccentric, matching the right and left graduations with the guide line marked, the desired film thickness will be available. (0 - 10mil)

(Bottom) Doctor Blade : This is a metal block which has certain clearance. Sliding on paper or metallic foil, it will produce uniform film as thick as the clearance.

Application: Advanced energy

Product type: Hand tools

Production scale: Lab
